

BUSINESS ESSENTIALS FOR MANAGERS (HYBRID LEARNING)

Menjawab Masalah Apa

Peran seorang Manajer dalam mengelola bisnis pada perusahaan atau organisasi sangat penting untuk dapat mencapai sasaran yang telah ditetapkan. Salah satu tantangan terbesar saat ini bagi para Manajer adalah harus dapat beradaptasi menghadapi perubahan lingkungan internal dan eksternal secara cepat sehingga tetap bisa memenangkan persaingan. Kemampuan menyusun strategi menggunakan aspek keuangan dan risiko, operasi, *marketing*, sumber daya manusia (SDM) yang disampaikan dengan cara berkomunikasi efektif kepada tim maupun unit/departemen merupakan tanggung jawab utama seorang Manajer. Selain itu, tantangan era digital menjadi isu penting bagi organisasi dalam menentukan model bisnis sebagai strategi bersaing. Berbagai tantangan tersebut menjadikan semakin ketatnya persaingan sehingga menuntut para pemimpin harus memiliki pemahaman yang luas tentang prospektif bisnis dan kesadaran lintas fungsi yang baik serta mampu beradaptasi memenuhi kebutuhan bisnis perusahaan sehingga mampu mencapai kinerja organisasi.

Untuk mampu mencapai sasaran perusahaan dari perspektif bisnis dibutuhkan juga karakter pemimpin yang mampu mengembangkan kompetensi dan komitmen bawahan dengan cara mendukung, membimbing dan merangsang motivasi bawahan agar tim bekerja optimal. Maka pemimpin dengan kemampuan bisnis, kemampuan manajerial dan kemampuan diri yang dibangun secara terus menerus diperlukan dalam melakukan transformasi bisnis untuk meningkatkan daya saing organisasi

Program pelatihan ini akan membekali Anda kemampuan memmanajementi bisnis dan kepemimpinan efektif agar kinerja organisasi meningkat sehingga mampu mencapai pertumbuhan kinerja organisasi secara berkelanjutan. Seluruh modul dirancang sesuai dengan kebutuhan para Manajer maupun bagi yang sedang mempersiapkan jenjang karir manajerial.

Problems To Be Addressed

The role of Manager in managing the business of a company or an organization is very essential, in order to achieve target that has been determined. Nowadays, one of the biggest challenges for Managers is to be able to adapt to internal and external environment changes immediately, to win the competition. The ability to set up the strategy by using financial aspect and risk, operational, marketing, human resources (HR) that were passed on with effective communication to the team and unit/departement, is the prime responsibility of a manager. Besides, digital era challenge becomes an important issue for an organization in determining the business model as a competition strategy. Various challenges created a more tight business competition; hence it requires leaders to possess broad understanding regarding business perspective and awareness of across functions and ability to adapt in fulfilling company's business needs, as it will achieve organization performance.

In order to achieve company's target from business perspective, there is a need of characteristic of leader who will be able to develop competency and subordinate's commitment, by way of supporting, guiding and encouraging subordinate's motivation for working in optimum. Thus, a leader with business ability, managerial ability and personal ability to be developed continuously, it is a necessity for executing business transformation to increase organization's competitiveness.

This training program will prepare you to possess the ability to manage business and effective leadership, in order to enhance the performance of the organization, as it will achieve organization's performance growth continuously. All modules are designed according to Managers needs and also to those that are in preparing the managerial carrier path.
